

SUMMER GERMAN LANGUAGE COURSE

03.-25.08.2023

Welcome Meeting: 03.08.2023, 10:00 Uhr

COURSE DESCRIPTION:

The MISU Summer Language Course is a four-week intensive language course. It is designed for foreign students in all areas of study and provides language training at all levels. The main goal of the course is to combine language training with regional and cultural studies. Thus, each course is designed to teach the language within academic, cultural and societal contexts. Students will deepen their knowledge of Germany, while simultaneously developing their language skills. Experienced German teachers teach you in a group with other learners and support you individually. At the end of the course you can write an exam and receive 6 ECTS points for your participation in class.

COURSE CONTENT:

The course will also examine and explore social contexts relating to everyday life and culture in Munich. Depending on the language proficiency and interest of each group, further topics (esp. current topics) will be covered regarding German history, society, politics, literature, art, music, German television and movies.

The course aims to promote intercultural learning. Intercultural learning will not be limited to Germans and their culture, but also extend to the participants' cultures. Teachers will therefore strongly encourage communication among participants about their individual cultures.

COURSE ELEMENTS:

- Onboarding:
On the first day of the course you get to know your teacher and your fellow students. You will also get to know your classroom and the area around the university as well as a guided city tour by bus.
- Extracurricular activities:
Extracurricular activities, such as the city tour by bus, visiting Neuschwanstein or the Concentration Camp in Dachau, will be coordinated in class beforehand and discussed in subsequent classes as follow-up to the trip.
- Project Day and presentation:
The class will select a topic of interest (district of Munich, sightseeing spots, museums, exhibitions etc.). Students will be divided into small groups, and will research their topic with help from the lecturer. Groups will prepare a short questionnaire and then interview locals regarding their topic while visiting the place of interest. Each group will then present the results of their project.
